A cookie is a text file sent by a web server and placed on your computer by your web browser. Like most professional websites, this site also uses cookies. We use cookies for a variety of reasons including but not limited to determining site performance, performance analytics or email subscription services. If you choose to post messages on our contact address or other message areas or leave feedback for other users, we will collect that information you provide to us. Unfortunately, in most cases there are no industry-standard options to disable cookies without completely disabling the functionality and features added to this site. It is recommended that you leave all cookies to function normally if you are not sure whether you need them or not, in case they are used to provide a service that you use. If you choose not to receive cookies, you may still use most of the features of our website. Although the company uses the services of third parties in connection with these cookies, we do not allow the third-party service provider to use Personal Data about the users of our website services.
